FOOTNOTE 2: GRANTS

The District has applied for grant capacity up to \$2,000,000. Per grant agreements, any grant monies received must be used according to the specified purpose in the grant agreement. Therefore, grant revenues=grant expenditures and do not impact operating bottom line.

FOOTNOTE 3: DEBT SERVICE

The District has fully met their debt service requirements. Any balance remaining in the DS Account at Pima County must be maintained in that account and will not impact operating bottom line.

Summary for fiscal years 2022 through 2026:

Special study

Study of merger, consolidation, or joint operating alternative required

If the district's total estimate of expenses exceeds its total estimate of revenues for any fiscal year, A.R.S. §48-805.02(D)(15) requires the district include a study of merger, consolidation or joint operating alternative. The current expense and revenue amounts require that the Fire District present a study to the fire district board in a special public meeting called for the sole purpose of evaluating the study. The study shall include an identification of districts available for merger, consolidation or joint operations. Additionally, it should include an analysis of the level of service and cost of service that may be provided to the residents of a merged, consolidated, or jointly operated district as compared to the level and cost of service to the residents of the districts without any merger, consolidation, or joint operations.

Revenue and expense chart will populate automatically based on the Budget tab
